

Service Road Detour

LAWA Maintenance Services Division will be replacing the asphalt pavement along Service Road E, at Taxiway D10 starting August 24, 2013 through August 26, 2013. During this time Service Road E will be detoured across Taxiway D and into the D10 Taxilane.

All vehicle traffic will need to follow the highlighted path (green route) on the attached exhibit during this time. Drivers will be able to cross the D10 Taxilane abeam Gate 122 and Gate 32 (orange route) as aircraft traffic permits. If there is an aircraft entering or exiting the D10 Taxilane, vehicle operators will be required to follow the green route to the south end of the Taxilane. As always, use extreme caution while driving along the aircraft parking aprons and please plan for additional travel time during this construction activity.

For questions or comments regarding this advisory please contact Airside Manager, Jeff Mort, Jmort@lawa.org.

Issue Date: August 21, 2013

Subject: Service Road Detour

*The LAX Operations Advisory will be posted on LAWA's Airport Operations web site and can be retrieved at <http://www.lawa.org/aiops.aspx>
