Hi Angelica,

I've reviewed the portion of the LAX specific plan regarding LAX Plan Compliance Review. A review by the Planning Department is suggested since Section 7.A. General, References the applicability of Municipal Code section 11.5.7 and the exclusions of subsections B, C, D, E, E and H. Also, Section 7.E.2. Executive Director's Review, references LAMC Section 11.5.6 and 11.5.7 F and G. These items are specific to the Planning Department and should be confirmed by them.

The only other comment I have is for a more detailed reference to the LAWA website for notifications and postings on page 10, Section 7.F.2. It is unclear where on the LAWA website this information is located. I would suggest notifications to stakeholders be directed via email as it is unclear when notices will be posted.

It is possible other sections of the specific plan, such as Sections 4, 8, 9, 10, and 11 may be more applicable to the Bureau of Engineering.
