On March 8, 2012, Kutak Rock LLP, Bond Counsel to the Department, delivered its opinion that, based on existing laws, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations of the Department and continuing compliance by the Department with certain covenants, interest on the Series A Notes and the Series B Notes, when issued in accordance with the Subordinate Indenture and the Tax Compliance Certificate, will be excluded from gross income for federal income tax purposes, except interest on any Series B Note for any period during which such Series B Note is held by a “substantial user” of the facilities financed or refinanced by the Series B Notes or by a “related person” within the meaning of Section 147(a) of the Internal Revenue Code of 1986, as amended. Bond Counsel was further of the opinion that (a) interest on the Series A Notes, when issued in accordance with the Subordinate Indenture and the Tax Compliance Certificate, will not be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations, and (b) interest on the Series B Notes, when issued in accordance with the Subordinate Indenture and the Tax Compliance Certificate, will be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations. Interest on the Series C Notes is not excluded from gross income for federal income tax purposes. Bond Counsel was further of the opinion that interest on the Commercial Paper Notes, when issued in accordance with the Subordinate Indenture, will be exempt from State of California personal income taxes. THE DEPARTMENT OF AIRPORTS

General Description

The City, acting through the Department, currently operates two airports in the Los Angeles area, including LAX and Van Nuys Airport. In addition, the Department maintains LA/Palmdale Regional Airport, although LA/Palmdale Regional Airport is not currently certificated by the Federal Aviation Administration (“*FAA*”). LAX, Van Nuys Airport and LA/Palmdale Regional Airport are operated as a financially self-sufficient enterprise, without support from the general fund of the City. The Department is governed by the seven-member Board, which is in possession, management and control of the Airport System.

LOS ANGELES INTERNATIONAL AIRPORT

Introduction

LAX is located approximately 15 miles from downtown Los Angeles on the western boundary of the City. LAX occupies approximately 3,425 acres in an area generally bounded on the north by Manchester Avenue, on the east by Aviation Boulevard, on the south by the Imperial Highway and on the west by the Pacific Ocean. LAX offers commercial air service to every major city in the United States and to virtually every major international destination and is classified by the FAA as a large hub airport. According to data from the Airports Council International (“*ACT*”), LAX ranked as the fourth busiest airport in the world and the second busiest airport in North America (in terms of total enplaned passengers) for calendar year 2016. In calendar year 2016, LAX had approximately 80.9 million arriving and departing passengers, the majority of which were originating and destination passengers (that is, passengers beginning or ending their trips at LAX).

Facilities

The primary facilities of LAX include nine passenger terminal buildings located in the central terminal complex, public parking facilities, airfield facilities, aviation support areas, remote gates and cargo facilities. The central terminal complex features a decentralized design concept with nine individual terminals constructed on two levels lining a U-shaped two-level roadway (the “*Central Terminal Area*”). The total terminal area is approximately 5.8 million square feet. Although many of the terminals are physically connected, they function largely as independent terminals with separate ticketing, baggage, security checkpoints and passenger processing systems.

Passenger terminal facilities include ticketing and baggage check-in on the upper departure level and baggage claim on the ground level, fronting on the lower-level roadway. Passenger terminal facilities provide access to and from aircraft arrival/departure areas. LAX currently has a total of 113 contact gates in the Central Terminal Area, along with a number of remote gate positions, for a total of 141 gates. Several of the jet gates accommodate propeller driven aircraft.

The existing airfield consists of four parallel east-west runways configured in two pairs. The north airfield complex includes Runway 6L-24R (8,926 feet) and Runway 6R-24L (10,285 feet). The south airfield complex includes Runway 7R-25L (11,095 feet) and Runway 7L-25R (12,091 feet). All runways are 150 feet wide, except for Runway 7R-25L, which is 200 feet wide. For approaches during Instrument Flight Rules conditions, instrument landing systems are installed on all eight runway ends. The current runway system at LAX can accommodate arrivals and departures of all commercial aircraft currently in service, including the Airbus A380.

Approximately 16,700 public parking spaces are available at LAX in parking lots owned by the Department, including approximately (i) 8,600 parking spaces in eight parking garages in the Central Terminal Area, (ii) 5,300 public parking spaces in parking Lot C, (iii) 2,700 public parking spaces in the Park One surface parking lot located adjacent to Terminal 1 and (iv) 22 public parking spaces in a cell phone waiting lot.

Cargo facilities at LAX provide approximately 2.2 million square feet of building space in 26 buildings on 166 acres of land devoted exclusively to cargo. Rental car company facilities, major commercial airline maintenance hangars and office buildings, a 12-story administration building, a control tower, a central utility plant, two flight kitchens, a fuel farm, and FAA, Transportation Security Administration (“*TSA*”) and U.S. Coast Guard facilities are also located at LAX.

See “—Capital Program” below.

Passenger Traffic and Market Share

For the Fiscal Year ended June 30, 2017 (“*Fiscal Year 2017*”), total domestic passengers (enplaned and deplaned) were 58,934,038 and total international passengers (enplaned and deplaned) were 23,989,829 for a total of 82,923,867 passengers (enplaned and deplaned). Agreements with Airlines

The Department permits airlines to use facilities at LAX pursuant to a variety of arrangements, including, operating permits (landing facilities and landing fees), terminal tariff and rate agreements, terminal leases, and miscellaneous leases regarding the leasing of cargo and hangar facilities.

The Department has entered into separate operating permits covering the use of landing and apron facilities with air carriers serving LAX. These operating permits grant operating rights to each airline typically for the same ten-year term. The Department is currently authorized to issue operating permits that expire on June 30, 2022, with an option to extend each operating permit for another 10-year term. The operating permits generally require each airline to pay a landing and apron fee to the Department for each aircraft that uses the landing and apron facilities at LAX. The landing and apron fee rates to be charged during each Fiscal Year are based upon the Department’s then-current budget and are adjusted at the end of each Fiscal Year to reflect the actual expenses incurred. All adjustments for deficiencies are billed when determined and overages are credited to the affected airlines

Airlines (except American) use terminal space at LAX under the terms of the LAX Passenger Terminal Tariff (the “*Tariff*”). Terminal rates under the Tariff are designed to recover all costs, including

administrative and access costs, allocable to terminal space used by the airlines. The Tariff has no term or expiration date but is subject to change from time to time by the Board. The Department has entered into a lease for the use of terminal space in Terminal 4 with American that expires in December 2024. Under this lease, rental rates are not charged pursuant to the Tariff, rather rental rates on terminal premises and on ground areas are adjusted periodically, typically every five years, by mutual agreement or, if the parties are not able to agree, then by a process directed at establishing a rent based on the then-current fair rental value. American is required to pay operation and maintenance charges based on the methodology of the Tariff.

Indebtedness

Senior Obligations. Pursuant to the Master Senior Indenture and several supplemental indentures, the Department has previously issued and, as of September 1, 2017, had outstanding \$3,510,415,000 aggregate principal amount of its Senior Revenue Bonds, 2008 Series A, 2009 Series A, 2010 Series A, 2010 Series D, 2012 Series A, 2012 Series B, 2012 Series C, 2013 Series A, 2015 Series A, 2015 Series B, 2015 Series D, 2015 Series E and 2016 Series C (collectively, the “**Existing Senior Bonds**”). Other than the Existing Senior Bonds, the Department has no additional Senior Obligations outstanding. The Senior Obligations (including the Existing Senior Bonds) are secured by a senior pledge and lien on Net Pledged Revenues. The Department’s obligation to repay the Senior Obligations has priority over its obligation to repay the Commercial Paper Notes. Pursuant to the terms and conditions of the Master Senior Indenture, the Department may issue additional Senior Obligations payable from a senior pledge and lien on Net Pledged Revenues.

Subordinate Obligations. Pursuant to the Master Subordinate Indenture and several supplemental subordinate indentures, the Department has previously issued and as of September 1, 2017, had outstanding \$1,845,020,000 aggregate principal amount of its Subordinate Revenue Bonds, 2008 Series C, 2009 Series C, 2009 Series E, 2010 Series B, 2010 Series C, 2013 Series B, 2015 Series C, 2016 Series A, 2016 Series B, 2017 Series A and 2017 Series B (collectively, the “**Existing Subordinate Bonds**”). In addition to the Existing Subordinate Bonds, as of the date of this Offering Memorandum, the Department has Series A Notes and Series C Notes outstanding with a maturity value of \$48,821,000.

The Commercial Paper Notes and the Existing Subordinate Bonds are secured by a pledge of and lien on Subordinate Pledged Revenues. The Department also has granted to the Banks a lien on Subordinate Pledged Revenues on parity with the Commercial Paper Notes and the Existing Subordinate Bonds with respect to certain obligations owed by the Department to the Banks under the respective Reimbursement Agreements.

Pursuant to the terms and conditions of the Master Subordinate Indenture, the Department may issue additional Subordinate Obligations payable from a pledge and lien on Subordinate Pledged Revenues.

Capital Program

The Department is undertaking a multi-billion dollar development program at LAX. Projects in the Department’s current capital program are forecasted to cost approximately \$7.7 billion and are expected to be financed with a combination of grants, passenger facility charges, Department and other funds and additional Senior Obligations and/or additional Subordinate Obligations (including Commercial Paper Notes). Projects in the capital program include, among other projects, construction of general infrastructure and utility improvements, improvements at various LAX terminals; construction of various concessions in the LAX terminals; noise mitigation and residential land acquisition programs;

replacement of elevators and escalators within the Central Terminal Area; design and construction of a new midfield satellite concourse; and a number of other airfield, apron, roadway and parking projects.

INVESTMENT CONSIDERATION

IN MAKING AN INVESTMENT DECISION REGARDING A POSSIBLE PURCHASE OF A SUBSERIES OF COMMERCIAL PAPER NOTES, PROSPECTIVE PURCHASERS OF SUCH SUBSERIES OF COMMERCIAL PAPER NOTES SHOULD RELY SOLELY ON THE CREDIT OF THE APPLICABLE BANK PROVIDING THE RELATED LETTER OF CREDIT SUPPORTING SUCH SUBSERIES OF COMMERCIAL PAPER NOTES AND NOT ON THE CREDIT OF THE DEPARTMENT OR LAX.

THE PURCHASE AND OWNERSHIP OF THE COMMERCIAL PAPER NOTES INVOLVE INVESTMENT RISK. PROSPECTIVE PURCHASERS OF THE COMMERCIAL PAPER NOTES ARE URGED TO READ THIS OFFERING MEMORANDUM IN ITS ENTIRETY.

TAX MATTERS

Tax-Exempt Notes (Series A Notes and Series B Notes)

General. On March 8, 2012, Kutak Rock LLP, Bond Counsel to the Department (“*Bond Counsel*”), delivered its opinion that, based on existing laws, regulations, rulings and judicial decisions, interest on the Series A Notes, when issued in accordance with the Subordinate Indenture and the Tax Compliance Certificate, dated March 8, 2012, as amended from time to time (the “*Tax Compliance Certificate*”) by the Department, will be excluded from gross income for federal income tax purposes and will not be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations. The opinion described in the preceding sentence assumed the accuracy of certain representations of the Department and compliance by the Department with covenants designed to satisfy the requirements of the Internal Revenue Code of 1986, as amended (the “*Code*”) that must be met subsequent to the issuance of the Series A Notes. Failure to comply with such requirements could cause interest on the Series A Notes to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series A Notes. The Department has covenanted to comply with such requirements. Bond Counsel expressed no opinion regarding other federal tax consequences arising with respect to the Series A Notes.

Notwithstanding Bond Counsel’s opinion that interest on the Series A Notes will not be a specific preference item for purposes of the federal alternative minimum tax, such interest will be included in adjusted current earnings of certain corporations, and such corporations will be required to include in the calculation of federal alternative minimum taxable income 75% of the excess of such corporations’ adjusted current earnings over their federal alternative minimum taxable income (determined without regard to such adjustment and prior to reduction for certain net operating losses).

On March 8, 2012, Bond Counsel delivered its opinion that, based on existing laws, regulations, rulings and judicial decisions, interest on the Series B Notes, when issued in accordance with the

Subordinate Indenture and the Tax Compliance Certificate, will be excluded from gross income for federal income tax purposes, except for interest on any Series B Note for any period during which such Series B Note is held by a “substantial user” of the facilities financed or refinanced by the Series B Notes or by a “related person” within the meaning of Section 147(a) of the Code. Bond Counsel was further of the opinion that interest on the Series B Notes will be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations. The opinions described in the preceding sentences assumed the accuracy of certain representations of the Department and compliance by the Department with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Series B Notes. Failure to comply with such requirements could cause interest on the Series B Notes to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Series B Notes. The Department has covenanted to comply with such requirements. Bond Counsel expressed no opinion regarding other federal tax consequences arising with respect to the Series B Notes.

On March 8, 2012, Bond Counsel delivered its opinion that under then existing laws, regulations, rulings and judicial decisions, interest on the Series A Notes and the Series B Notes (the “*Tax-Exempt Notes*”), when issued in accordance with the Subordinate Indenture, will be exempt from State of California personal income taxes.

The accrual or receipt of interest on the Tax-Exempt Notes may otherwise affect the federal income tax liability of the owners of the Tax-Exempt Notes. The extent of these other tax consequences will depend upon such owner’s particular tax status and other items of income or deduction. Bond Counsel expressed no opinion regarding any such consequences. Purchasers of the Tax-Exempt Notes, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers otherwise entitled to claim the earned income credit, or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Tax-Exempt Notes.

Backup Withholding. As a result of the enactment of the Tax Increase Prevention and Reconciliation Act of 2005, interest on tax-exempt obligations such as the Tax-Exempt Notes is subject to information reporting in a manner similar to interest paid on taxable obligations. Backup withholding may be imposed on payments made after March 31, 2007 to any bondholder who fails to provide certain required information including an accurate taxpayer identification number to any person required to collect such information pursuant to Section 6049 of the Code. The new reporting requirement does not in and of itself affect or alter the excludability of interest on the Tax-Exempt Notes from gross income for federal income tax purposes or any other federal tax consequence of purchasing, holding or selling tax-exempt obligations.

Changes to Federal and State Tax Laws. From time to time, there are legislative proposals in the Congress and in the various state legislatures that, if enacted, could alter or amend the federal and state tax matters referred to above or adversely affect the market value of the Tax-Exempt Notes. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Tax-Exempt Notes. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Tax-Exempt Notes or the market value thereof would be impacted thereby. Purchasers of the Tax-Exempt Notes should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond

Counsel were based upon then existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of Bond Counsel's final opinion with respect to the Tax-Exempt Notes (a form of which is attached to this Offering Memorandum as Appendix B) and Bond Counsel has expressed no opinion as of any date subsequent to the date of its final opinion with respect to the Tax-Exempt Notes or with respect to any pending legislation, regulatory initiatives or litigation.

Federal Tax Matters of the Series C Notes

Holders of the Series C Notes should be aware that: (a) the discussion in this Offering Memorandum with respect to U.S. federal income tax consequences of owning the Series C Notes is not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding penalties that may be imposed on the taxpayer; (b) such discussion was written in connection with the promotion or marketing (within the meaning of IRS Circular 230) of the transactions or matters addressed by such discussion; and (c) each taxpayer should seek advice based on its particular circumstances from an independent tax advisor.

General. The following is a general discussion of certain federal income tax consequences of the purchase, ownership and disposition of the Series C Notes. This discussion is based on the Code, as well as final, temporary and proposed Treasury Regulations (the "**Regulations**") and administrative and judicial decisions as of the date of this Offering Memorandum, all of which are subject to change or possible differing interpretation. This summary does not purport to address all aspects of federal income taxation that may affect particular investors in light of their individual circumstances including certain types of investors subject to special treatment under the federal income tax laws. Moreover, except as expressly indicated, this summary addresses initial purchasers of the Series C Notes that (a) purchase at a price equal to the first price to the public at which a substantial amount of the Series C Notes is sold; and (b) hold their Series C Notes as capital assets within the meaning of Section 1221 of the Code. This summary does not address owners that may be subject to special tax rules, such as banks, insurance companies, dealers in securities or currencies, purchasers that hold Series C Notes (or foreign currency) as a hedge against currency risks or as part of a straddle with other investments or as part of a "synthetic security" or other integrated investment (including a "conversion transaction") comprised of a Series C Note and one or more other investments, or purchasers that have a "functional currency" other than the U.S. dollar. Except to the extent discussed below under "—Non-United States Holders," this summary is not applicable to non-United States persons not subject to federal income tax on their worldwide income. Investors should consult their own tax advisors to determine the federal, state, local and other tax consequences of the purchase, ownership and disposition of the Series C Notes. Prospective investors should note that no rulings have been or will be sought from the Internal Revenue Service (the "**Service**") with respect to any of the federal income tax consequences discussed below, and no assurance can be given that the Service will not take contrary positions. The following discussion assumes that the Series C Notes are characterized as short-term obligation under Section 1283(a) of the Code.

Persons considering the purchase of Series C Notes should consult their own tax advisors concerning the Federal income tax consequences to them in light of their particular situations as well as any consequences to them under the laws of any other taxing jurisdiction.

United States Holders.

(a) **Payments of Interest.** In general, interest on a Series C Note (including any acquisition discount properly allocable to certain of the Series C Notes) will be taxable to an owner who or which is (i) a citizen or resident of the United States, (ii) a corporation created or organized under the laws of the United States or any state (including the District of Columbia) or (iii) a person otherwise subject to federal income taxation on its worldwide income (a "**United States holder**") as ordinary income at the

time it is received or accrued, depending on the holder's method of accounting for tax purposes. For cash basis owners, such payments will be included in income when received (or when made available for receipt, if earlier). For accrual basis owners, such payments will be included in income when all events necessary to establish the right to receive such payments have occurred.

(b) Series C Notes Purchased with Acquisition Discount. A Series C Note will be subject to the "acquisition discount" rules. In general, acquisition discount is the excess of the stated redemption price at maturity of a Series C Note less the holder's basis in a Series C Note. Thus, acquisition discount generally will occur where a holder acquires a Series C Note for an amount that is less than the Series C Note's principal amount.

If acquisition discount exists, then, in general, the owner of a Series C Note using the accrual method of accounting, and certain owners of partnerships, S corporations, trusts and other pass-through entities, will be required to include such discount in gross income as it accrues in advance of the receipt of the cash attributable to such discount income. Acquisition discount accrues on a straight line basis based on the number of days to maturity unless the United States holder elects to accrue such discount on a constant interest accrual method using daily compounding. That election is applicable only to the acquisition discount obligation with respect to which it is made and is irrevocable. A United States holder of an acquisition discount note that is not required to include acquisition discount in income currently generally may be required to defer deductions for interest on borrowings allocable to the note in an amount not exceeding the accrued acquisition discount on such note until the maturity or disposition of the note.

(c) Purchase, Sale, Exchange and Retirement of the Series C Notes. A United States holder's tax basis in a Series C Note generally will equal its cost, increased by any acquisition discount included in the United States holder's income with respect to the Series C Note. A United States holder generally will recognize gain or loss on the sale, exchange or retirement of a Series C Note equal to the difference between the amount realized on the sale or retirement, except to the extent attributable to accrued but unpaid stated interest, and the United States holder's tax basis in the Series C Note. Except to the extent that a United States holder of an acquisition discount note is not required to include acquisition discount in income currently, see above under "Series C Notes Purchased with Acquisition Discount," gain or loss recognized on the sale, exchange or retirement of a Series C Note will be short-term capital gain or loss, respectively. To the extent that a United States holder of an acquisition discount note is not required to include acquisition discount in current income, gain recognized on the sale, exchange or retirement of a Series C Note will be treated as ordinary income to the extent that such gain does not exceed the amount that would have accrued as acquisition discount on such note had the accrual rules applied.

Non-United States Holders. The following is a general discussion of certain United States federal income tax consequences resulting from the beneficial ownership of Series C Notes by a person other than a United States holder (a "***non-United States holder***").

An owner of a Series C Note that is a non-United States holder and is not subject to federal income tax as a result of any direct or indirect connection to the United States of America in addition to its ownership of a Series C Note will generally not be subject to United States income or withholding tax in respect of a payment on a Series C Note, provided such income is treated as portfolio interest. Interest will be treated as portfolio interest if (a) the owner complies to the extent necessary with certain identification requirements (including delivery of a statement, signed by the owner under penalties of perjury, certifying that such owner is not a United States person and providing the name and address of such owner); (b) such interest is treated as not effectively connected with the owner's United States trade or business; (c) interest payments are not made to a person within a foreign country which the Service has

included on a list of countries having provisions inadequate to prevent United States tax evasion; (d) interest payable with respect to the Series C Notes is not deemed contingent interest within the meaning of the portfolio debt provision; and (e) the owner claiming the portfolio interest exemption is not deemed to be a foreign bank that acquired the Series C Notes pursuant to an extension of credit entered into in the ordinary course of its banking business.

Except as explained in the preceding paragraph and subject to the provisions of any applicable tax treaty, a United States withholding tax, at the applicable rate determined by statute, will apply to interest paid and acquisition discount accruing with respect to Series C Notes owned by non-United States holders. In those instances in which payments of interest with respect to the Series C Notes continue to be subject to withholding, special rules apply with respect to the withholding of tax on payments of interest with respect to, or the sale or exchange of Series C Notes having acquisition discount and held by non-United States holders.

Purchasers of Series C Notes that are non-United States holders should consult their own tax advisors with respect to the possible applicability of United States withholding and other taxes upon income realized in respect of the Series C Notes.

Backup Withholding. Payments of interest (including acquisition discount) with respect to the Series C Notes may be subject to the “backup withholding tax” under Section 3406 of the Code, at the applicable rate determined by statute, if a recipient of such payments: (a) fails to furnish to the payer its taxpayer identification number; (b) furnishes an incorrect taxpayer identification number; (c) fails to report properly interest, dividends or other “reportable payments” as defined in the Code; or (d) under certain circumstances, fails to provide a certified statement, signed under penalty of perjury, that the taxpayer identification number provided is its correct number and that the holder is not subject to backup withholding. Backup withholding will not apply, however, with respect to certain payments made to Series C Note owners, including payments to certain exempt recipients (such as certain exempt organizations) and to non-United States holders, provided they establish their entitlement to this exemption. Any amounts deducted and withheld from a payment to a recipient would be allowed as a credit against the federal income tax of such recipient. Owners of the Series C Notes should consult their tax advisors regarding their qualification for such exemption from withholding and the procedure for obtaining such an exemption.

State Tax Matters of the Series C Notes

On March 8, 2012, Bond Counsel delivered its opinion that under then existing laws, regulations, rulings and judicial decisions, interest on the Series C Notes, when issued in accordance with the Subordinate Indenture, will be exempt from State of California personal income taxes.

Bond Counsel has expressed no opinion regarding any other state tax consequences relating to the ownership or disposition of, or the accrual or receipt of interest on, the Series C Notes.

ERISA CONSIDERATIONS

The Employee Retirement Income Security Act of 1974, as amended (“**ERISA**”), imposes certain requirements on “employee benefit plans” (as defined in Section 3(3) of ERISA) subject to Title I of ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, “**ERISA Plans**”) and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA’s general fiduciary requirements, including the requirement of investment prudence and diversification and the requirement that an ERISA Plan’s investments be made in accordance with the documents governing the

ERISA Plan. The prudence of any investment by an ERISA Plan in the Series C Notes must be determined by the responsible fiduciary of the ERISA Plan by taking into account the ERISA Plan's particular circumstances and all of the facts and circumstances of the investment. Government and non-electing church plans are generally not subject to Title I of ERISA. However, such plans may be subject to similar or other restrictions under state or local law.

In addition, ERISA and Section 4975 of the Code generally prohibit certain transactions between an ERISA Plan or "plan" as defined in and subject to Section 4975 of the Code and persons who, with respect to that plan, are fiduciaries or other "parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of Section 4975 of the Code. In the absence of an applicable statutory, class or administrative exemption, transactions between an ERISA Plan and a party in interest with respect to an ERISA Plan, including the acquisition by one from the other of a Series C Note could be viewed as violating those prohibitions. In addition, Section 4975 of the Code prohibits transactions between certain tax-favored vehicles such as individual retirement accounts and disqualified persons. Section 503 of the Code includes similar restrictions with respect to governmental and church plans. In this regard, the Department or any broker dealer of the Series C Notes might be considered or might become a "party in interest" within the meaning of ERISA or a "disqualified person" within the meaning of Section 4975 of the Code, with respect to an ERISA Plan or a plan or arrangement subject to Section 4975 of the Code or Section 503 of the Code. Prohibited transactions within the meaning of ERISA and Section 4975 of the Code or Section 503 of the Code may arise if the Series C Notes are acquired by such plans or arrangements with respect to which the Department or any broker dealer is a party in interest or disqualified person.

In all events, fiduciaries of ERISA Plans and plans or arrangements subject to the above Code sections, in consultation with their advisors, should carefully consider the impact of ERISA and the Code on an investment in the Series C Notes. The sale of the Series C Notes to a plan is in no respect a representation by the Department or the dealers of the Series C Notes that such an investment meets the relevant legal requirements with respect to benefit plans generally or any particular plan. Any plan proposing to invest in the Series C Notes should consult with its counsel to confirm that such investment is permitted under the plan documents and will not result in a non-exempt prohibited transaction and will satisfy the other requirements of ERISA, the Code and other applicable law.

By its acceptance of a Series C Note, each purchaser will be deemed to have represented and warranted that either (i) no "plan assets" of any plan have been used to purchase such Series C Note, or (ii) the dealers are not a party in interest with respect to the "plan assets" of any plan used to purchase such Series C Notes, or (iii) the purchase and holding of such Series C Notes is exempt from the prohibited transaction restrictions of ERISA and Section 4975 of the Code pursuant to a statutory exemption or an administrative class exemption.

Department of Airports of the City of Los Angeles
Los Angeles, California

Department of Airports of the City of Los Angeles, California
Los Angeles International Airport
Subordinate Revenue Commercial Paper Notes
Series A (Governmental – Non-AMT)
Series B (Private Activity – AMT)
Series C (Federally Taxable)
Series D (Private Activity – Non-AMT)

Ladies and Gentlemen:

We have acted as Bond Counsel to the Department of Airports of the City of Los Angeles, California (the "Department"), acting through the Board of Airport Commissioners of the City of Los Angeles, California (the "Board"), in connection with the Department's issuance and sale, from time to time, of its (a) Department of Airports of the City of Los Angeles, California, Los Angeles International Airport, Subordinate Revenue Commercial Paper Notes, Subseries A-1 through Subseries A-4 (Governmental – Non-AMT) (collectively, the "Series A Notes"), (b) Department of Airports of the City of Los Angeles, California, Los Angeles International Airport, Subordinate Revenue Commercial Paper Notes, Subseries B-1 through Subseries B-4 (Private Activity – AMT) (collectively, the "Series B Notes"), (c) Department of Airports of the City of Los Angeles, California, Los Angeles International Airport, Subordinate Revenue Commercial Paper Notes, Subseries C-1 through Subseries C-4 (Federally Taxable) (collectively, the "Series C Notes"), and (d) Department of Airports of the City of Los Angeles, California, Los Angeles International Airport, Subordinate Revenue Commercial Paper Notes, Subseries D-1 through Subseries D-4 (Private Activity – Non-AMT) (collectively, the "Series D Notes"). The Series A Notes, the Series B Notes, the Series C Notes and the Series D Notes are collectively referred to herein as the "Commercial Paper Notes." The Commercial Paper Notes will be issued, from time to time, under the terms of the Charter of the City of Los Angeles, relevant ordinances of the City of Los Angeles, and the Los Angeles Administrative Code (collectively, the "Charter"), the Master Subordinate Trust Indenture, dated as of December 1, 2002, as amended (the "Master Subordinate Indenture"), by and between the Department and U.S. Bank National Association (also known as U.S. Bank, N.A.), as trustee (the "Trustee"), and the Seventh Supplemental Subordinate Trust Indenture, dated as of March 1, 2012 (the "Seventh Supplemental Subordinate Indenture," and together with the Master Subordinate Indenture, the "Subordinate Indenture"), by and between the Department and the Trustee. Issuance of the Commercial Paper Notes has been authorized by Resolution No. 21434, adopted by the Board on June 6, 2001, and approved by the City Council of the City of Los Angeles on July 17, 2001, and Resolution No. 24710, adopted by the Board on February 13, 2012 (collectively, the "Resolutions"). Capitalized terms not otherwise defined herein shall have the meanings set forth in the Subordinate Indenture.

In connection therewith, we have examined the following:

- (a) a copy of the Charter;
- (b) certified copies of the Resolutions;
- (c) an executed counterpart of the Master Subordinate Indenture;
- (d) an executed counterpart of the Seventh Supplemental Subordinate Indenture;
- (e) an executed counterpart of the Master Trust Indenture, dated as of April 1, 1995, as amended and supplemented, by and between the Department, acting through the Board, and The Bank of New York Mellon Trust Company, N.A., formerly known as The Bank of New York Trust Company, N.A., as successor in interest to BNY Western Trust Company, as successor in interest to U.S. Trust Company of California, as trustee;
- (f) certifications of the Department and others;
- (g) an executed copy of the Tax Compliance Certificate dated this date relating to the Series A Notes, the Series B Notes and the Series D Notes (the “Tax Certificate”);
- (h) an opinion of the City Attorney; and
- (i) such other documents, opinions and matters as we deemed relevant and necessary in rendering this opinion.

From such examination, we are of the opinion that:

1. The Department validly exists as a department of the City of Los Angeles (the “City”), duly organized and operating pursuant to the Charter, and has the power to issue, from time to time, the Commercial Paper Notes.
2. The Master Subordinate Indenture and the Seventh Supplemental Subordinate Indenture have been duly authorized, executed and delivered by the Department and, assuming due authorization, execution and delivery by the Trustee, represent valid and binding agreements of the Department enforceable in accordance with their terms.
3. When issued, from time to time, in accordance with the provisions of the Subordinate Indenture, the Commercial Paper Notes will represent valid and binding limited obligations of the Department. The principal of and interest on the Commercial Paper Notes shall be payable solely from and will be secured by a pledge and assignment by the Department to the Trustee of (a) Subordinate Pledged Revenues and certain funds and accounts created under the Master Subordinate Indenture and the Seventh Supplemental Subordinate Indenture, (b) proceeds from the sale of Commercial Paper Notes issued pursuant to the Subordinate Indenture, and (c) proceeds of any advances made under a Credit Facility or Credit Facilities, and not out of any other fund or moneys of the Department or the City. Neither the faith and credit nor the taxing power of the City, the State of California or any public agency, other than the Department, to the extent of the Subordinate Pledged Revenues, is pledged to the payment of the principal of or interest on the Commercial Paper Notes.
4. Under existing laws, regulations, rulings and judicial decisions, interest on the Series A Notes, when issued in accordance with the Subordinate Indenture and the Tax Certificate, will be excluded from gross income for federal income tax purposes. Interest on the Series A Notes, when issued in accordance with the Subordinate Indenture and the Tax Certificate, will not be a specific preference

item for purposes of the federal alternative minimum tax imposed on individuals and corporations, however, such interest will be included in adjusted current earnings of certain corporations, and such corporations will be required to include in the calculation of federal alternative minimum taxable income 75% of the excess of such corporations' adjusted current earnings over their federal alternative minimum taxable income (determined without regard to such adjustment and prior to reduction for certain net operating losses).

5. Under existing laws, regulations, rulings and judicial decisions, interest on the Series B Notes, when issued in accordance with the Subordinate Indenture and the Tax Certificate, will be excluded from gross income for federal income tax purposes; except that such exclusion will not apply with respect to interest on any Series B Note for any period during which such Series B Note is held by a person who is a "substantial user" of the facilities financed or refinanced by the Series B Notes or a person "related" to such substantial user within the meaning of Section 147(a) of the Internal Revenue Code of 1986, as amended (the "Code"). Interest on the Series B Notes will be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations.

6. Under existing laws, regulations, rulings and judicial decisions, interest on the Series D Notes, when issued in accordance with the Subordinate Indenture and the Tax Certificate, will be excluded from gross income for federal income tax purposes; except that such exclusion will not apply with respect to interest on any Series D Note for any period during which such Series D Note is held by a person who is a "substantial user" of the facilities financed or refinanced by the Series D Notes or a person "related" to such substantial user within the meaning of Section 147(a) of the Code. Interest on the Series D Notes, when issued in accordance with the Subordinate Indenture and the Tax Certificate, will not be a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations. We express no opinion as to whether interest on the Series D Notes will be excluded from adjusted current earnings when calculating the federal alternative minimum taxable income for corporations.

7. Under existing laws, regulations, rulings and judicial decisions, interest on the Commercial Paper Notes, when issued in accordance with the Subordinate Indenture, will be exempt from present State of California personal income tax.

The opinions set forth in paragraph 4, 5 and 6 regarding the exclusion of interest on the Series A Notes, the Series B Notes and the Series D Notes from gross income of the recipient is subject to continuing compliance by the Department with covenants regarding federal tax law contained in the Master Subordinate Indenture, the Seventh Supplemental Subordinate Indenture and the Tax Certificate. Failure to comply with such covenants could cause interest on the Series A Notes, the Series B Notes or the Series D Notes, as applicable, to be included in gross income retroactive to the date of issue of the Series A Notes, the Series B Notes or the Series D Notes, as applicable. Although we are of the opinion that interest on the Series A Notes, the Series B Notes and the Series D Notes, when issued in accordance with the Subordinate Indenture and the Tax Certificate, will be excluded from gross income for federal tax purposes, the accrual or receipt of interest on the Series A Notes, the Series B Notes or the Series D Notes, as applicable, may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. We express no opinion regarding any such consequences.

Interest on the Series C Notes will not be excludable from gross income for federal income tax purposes. Other than as expressly described in paragraph 7 above, we express no opinion regarding the tax consequences relating to the ownership of, receipt of interest on or disposition of the Series C Notes. The tax discussion regarding the Series C Notes was not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding penalties that may be imposed on the taxpayer. The

discussion was written in connection with the promotion or marketing of the Series C Notes (within the meaning of United States Treasury Circular 230). Taxpayers should seek advice based on their particular circumstances from an independent tax advisor.

The obligations of the Department and the security provided therefor, as contained in the Commercial Paper Notes, the Master Subordinate Indenture and the Seventh Supplemental Subordinate Indenture, may be subject to general principles of equity which permit the exercise of judicial discretion, and are subject to the provisions of applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect, and to the limitations on legal remedies against cities in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the Commercial Paper Notes, the Master Subordinate Indenture or the Seventh Supplemental Subordinate Indenture. We have not undertaken any responsibility for the accuracy, completeness or fairness of the Commercial Paper Offering Memorandum dated March 5, 2012, or any other offering material relating to the Commercial Paper Notes and express no opinion relating thereto. Our engagement with respect to the Commercial Paper Notes concludes upon the delivery of this letter to the Department, and we disclaim any obligation to update this letter.

Very truly yours,

APPENDIX C

BOOK-ENTRY-ONLY SYSTEM

Introduction

Unless otherwise noted, the information contained under the caption “—General” below has been provided by The Depository Trust Company (“DTC”). The Department, the Trustee and the Dealers make no representation as to the accuracy or the completeness of such information. The Beneficial Owners (as defined below) of the Commercial Paper Notes should confirm the following information with DTC, the Direct Participants (as defined below) or the Indirect Participants (as defined below).

NEITHER THE DEPARTMENT NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (A) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (B) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF NOTES UNDER THE SUBORDINATE INDENTURE, (C) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR INTEREST DUE WITH RESPECT TO THE OWNERS OF THE COMMERCIAL PAPER NOTES; (D) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNERS OF NOTES; OR (E) ANY OTHER MATTER REGARDING DTC.

General

DTC will act as securities depository for the Commercial Paper Notes. The Commercial Paper Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Master Note Certificate will be issued for each Subseries of the Commercial Paper Notes, each such Master Note Certificate being in the aggregate principal amount of \$500,000,000, and is on deposit with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s rating of

“AA+.” The DTC Rules applicable to Direct Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org. The Department has not undertaken any responsibility for and make no representations as to the accuracy or the completeness of the content of such material contained on the websites described in the preceding sentence including, but not limited to, updates of such information or links to other Internet sites accessed through the aforementioned websites.

Purchases of the Commercial Paper Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Commercial Paper Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Commercial Paper Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Commercial Paper Notes, except in the event that use of the book-entry system for the Commercial Paper Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Commercial Paper Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Commercial Paper Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Commercial Paper Notes, such as defaults and proposed amendments to the Commercial Paper Note documents. For example, Beneficial Owners of the Commercial Paper Notes may wish to ascertain that the nominee holding the Commercial Paper Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Commercial Paper Notes unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Department or the Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Commercial Paper Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Commercial Paper Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Department or the Trustee, on the payment date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing

instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Department or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time-to-time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Department or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Commercial Paper Notes at any time by giving reasonable notice to the Department or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the Commercial Paper Notes are required to be printed and delivered.

The Department may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates representing the Commercial Paper Notes will be printed and delivered to DTC.

The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that the Department believes to be reliable, but the Department takes no responsibility for the accuracy thereof.
