 $The \ Van \ Nuys \ Airport \ Fly \ Friendly \ - \ Quiet \ Departure \ Program \ asks \ that \ operators \ of jet \ aircraft \ use \ manufacturer's \ or \ NBAA \ quiet \ departure$

procedures to reduce departure noise. This voluntary program sets target noise levels for each aircraft type. Limiting departure noise to the target level will be impossible under some circumstances. Therefore, an item in the list above showing departures exceeding the target noise level does not necessarily indicate a lack of compliance with the program.
