

INCENTIVE FUNDING ANNOUNCEMENT

LAX On-Road Zero & Near-Zero Emission Heavy-Duty Vehicle Incentive Program

Los Angeles World Airports is pleased to announce a new **LAX On-Road Zero & Near-Zero Emission Heavy-Duty Vehicle Incentive Program**. This Incentive Program offers to buy-down the cost of new, on-road heavy-duty vehicles with certified emissions levels *lower* than that required under the LAX Alternative Fuel Vehicle Requirement. The goal is to encourage LAX contractors who are covered by the Alternative Fuel Vehicle Requirement to transition their heavy-duty on-road vehicles to “zero” or “near-zero” emissions. This Incentive funding opportunity is available ONLY to LAX contractors, licensees, or lessees that own and operate qualifying heavy-duty vehicles at LAX!

Application forms and additional information is included in the attached **Funding Opportunity Announcement & Application Preparation Package**. This can also be accessed through the LAWA website at [LAX Alternative Fuel Vehicle Website](https://www.lawa.org/en/lawa-environment/lax/lax-alternative-fuel-vehicle-requirement-program) (<https://www.lawa.org/en/lawa-environment/lax/lax-alternative-fuel-vehicle-requirement-program>).

SAVE the DATE! An Applicant Workshop will be held to answer questions – including one-on-one technical assistance.

January Workshop

Date: **January 24, 2019**
Time: **4:30 PM- 6:30 PM**
Location: **Clifton A. Moore Administration Building,
Samuel Greenberg Board Room**

February Workshop

Date: **February 7, 2019**
Time: **9:30 AM- 11:30 AM**
Location: **Clifton A. Moore Administration Building,
Samuel Greenberg Board Room**

Don't Delay! All LAX Zero/Near-Zero Vehicle applications must be received no later than 11:59 pm on February 28, 2019!

LAWA staff members are available to answer questions - please direct all inquiries to the Zero/Near-Zero Incentive Project Manager, Amylou Canonizado, at acanonizado@lawa.org.

On behalf of Los Angeles World Airports, we look forward to working with you to improve air quality at LAX and our surrounding communities.
