

July 12, 2010

Mr. Dennis McLean
City of Rancho Palos Verdes
30940 Hawthorne Blvd.
Rancho Palos Verdes, CA 90275

Dear Mr. McLean:

On behalf of the Los Angeles International Airport/Community Noise Roundtable (Roundtable), I am pleased to extend a warm welcome to you as you begin your membership with the Roundtable.

Enclosed is an informational packet for you to review to become familiar with the mission and purpose of the Roundtable and to learn about the various aircraft operations that affect the communities near Los Angeles International Airport (LAX). I also encourage you to visit our web site at www.lawa.aero/LAXNoiseRoundTable.aspx as it contains additional information that will further enhance your familiarity with the Roundtable.

Our goal is to work collaboratively with the various stakeholders including the Federal Aviation Administration, Los Angeles World Airports, the airlines, and others to find ways to mitigate adverse aircraft noise from LAX operations without shifting noise from one area to another. Through your participation in the Roundtable, you will have opportunities to work with other members to explore ways to resolve noise issues that are currently affecting your district. I am confident that you will find the information and discussions provided at our meetings to be meaningful and useful in addressing aircraft noise impacts.

Roundtable meetings are held at 7 p.m. on the second Wednesday of every odd numbered month at the LAX Administration Building (1 World Way, Los Angeles, CA 90045).

Your membership and upcoming participation in the Roundtable is greatly appreciated. I look forward to seeing you again at the next meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "Denny Schneider". The signature is fluid and cursive, written over a horizontal line.

Denny Schneider, Chairman
LAX/Community Noise Roundtable
