

**CTA SECURITY BOLLARD INSTALLATION WORK ON ARRIVAL AND DEPARTURE LEVELS
STARTING ON SUNDAY, MARCH 11, 2018 CONTINUOUS TO DECEMBER 2018**

Additional security bollards will be installed throughout the Central Terminal Area on both the arrival and departure levels. Bollards will be installed on the drop-off, pick-up, and commercial curbs. The work hours will generally be from 10 PM to 4:30 AM on the departure level and from midnight to 8 AM on the arrival level. The hours are subject to change based on operational impact. Pedestrian detours will be in place to guide pedestrians around the work area.

Each section will take approximately six consecutive nights to complete. Multiple crews will be working concurrently on both levels. Construction barricades will be in place on the sidewalk for the duration of the work at each section. Only during work hours, portion of the curbside drop-off and pick-up lanes at the work zone will be restricted. They will be re-opened at the end of the work hour.

For questions or comments regarding this advisory please contact Landside Operations Manager, Richard Chong rchong@lawa.org

Issue Date: March 7, 2018

Subject: Security Bollard Installation Phase II
