

LAX AOA Vehicle Service Road Map 2020

For general reference only. Not to be used for navigation. Revised 03/2020

Runway Holding Position Markings, Signs & Lights:
Denote the intersection of a Taxiway and entrance to a Runway. **Never cross these signs, markings or flashing yellow lights.**

**REPORT ALL SAFETY CONCERNS TO
AIRPORT OPERATIONS 24/7, CALL (424) 646-5292**

Disabled Vehicles/Equipment - Call Airport Ops immediately to ensure your safety and the safety of aircraft, especially if blocking a taxiway.

If lost or unsure where you can drive - remain on the service road and call Airport Ops for help, a unit will be dispatched to your location to assist.

To report Foreign Object Debris (FOD) - Call Airport Ops for a unit to be dispatched. It is helpful to provide the location and description of the FOD.

ZIPPER MARKING
Denotes where a vehicle service road crosses a taxiway, remain clear for aircraft to pass safely

STOP FOR AIRCRAFT SIGN
Denotes where vehicles must stop and yield to aircraft

STOP SIGN
Denotes where all vehicles must come to a complete stop

STOP FOR LANDING AIRCRAFT SIGN
Denotes where vehicles must stop and yield to landing aircraft

TAXIWAY LOCATION SIGN
Identifies Taxiway on which Vehicle/Aircraft is located

TAXIWAY DIRECTION SIGN
Defines general direction of an intersecting taxiway

TAXIWAY LOCATION SIGN
Co-located with taxiway direction sign

RUNWAY HOLDING POSITION SIGN
Indicates the entrance to a runway. Remain clear. Co-located with a taxiway location sign

Safe Driver Checklist:

1. Be familiar with airfield layout, signs, and markings.
2. Conduct a walk around inspection of your vehicle to check the condition before driving.
3. **Never** drive on a taxiway or runway, remain on vehicle service roads and ramp areas.
4. Always remain clear of zipper markings where service roads cross taxiways.
5. **Ensure there is no backup of vehicles before proceeding across zipper markings.**
6. Always maintain situational awareness.
7. Yield to aircraft and emergency vehicles.
8. Know and comply with all AOA speed limits.
9. Reduce speed & use additional caution when driving in fog, rain, gusting winds & at night.
10. Use caution for aircraft engine jet blast.
11. Park only in designated parking locations.
