

LAX

ATTENTION!

Effective immediately, due to City of Los Angeles and LAWA directives to protect the public and lower the spread of the novel coronavirus, LAX Airport Operations will be **suspending** all airfield classes for AOA Familiarization (**AOA**), Aircraft Surface Movement (**ASM**), and Restricted Area Driver (RAD) Training Program (Train the Trainer) **until further notice**.

Contact your Authorized Signer (AS) if you require the **AOA**, **ASM**, or the **INITIAL RAD** course prior to Thursday, May 14, 2020 to be added to the Computer Based Training (CBT). If your **AS is not enrolled to the CBT**, their own information, as listed below, will need to be sent to **AirOpsTraining@lawa.org**:

- ***First Name & Last Name (as printed on badge)***
- ***Company Name (as displayed on the Organization Fact Sheet)***
- ***Company email address***
- ***Company/Organization***
- ***Company/Organization Division Code and Name (all divisions AS signs for)***

Upon receipt of the information above, the AS will be notified via email with further instructions. A status update will be provided on Friday, May 15, 2020 unless new directives are received at an earlier date.

Thank you for your patience during these extraordinary circumstances and stay safe.
