

Construction Hot Topics

Week of June 7, 2021

1. Terminal 2 / 3: Project Update

- Construction continues on the Delta Sky Way Program to renovate Terminals 2 and 3
- Terminal 3 is closed to the public after being demolished in 2020 to build the new terminal from the ground up; all passenger and flight operations are maintained from Terminal 2
- Departures and Arrivals Level pick-up and drop-off lanes remain restricted as temporary pedestrian walkways are in place to detour guests around construction
- Upon completion of the project, the “Head House” - the new secure connector building pictured below - will provide connectivity between Terminals 2 and 3 as well as access to and from the Automated People Mover

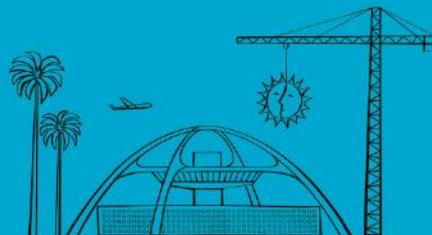

*Then: Terminal 2 / 3
Head House as of May 2021*

*Now: Terminal 2 / 3
Head House as of June 2021*

Change is in the Air(port).

LAX WAY BETTER. REALLY.

2. Airport Police Facility: Project Update

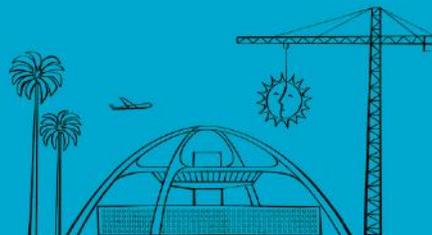

- Construction continues on the Airport Police Facility (APF) with punch list final touch / finishing items like the installation of furniture and cabinets, touch up painting and more
- Outside, landscaping work continues with the installation of concrete planters and walkways
- Lane restrictions along Loyola Boulevard and Westchester parkway are scheduled to be complete by the end of June 2021
- The APF and parking structure are scheduled to open later this year

The Airport Police Facility is located near the intersection of Westchester Parkway and Lincoln Boulevard

3. Terminal 4.5: APM Pedestrian Bridge Installation

- The Automated People Mover project is building a Pedestrian Bridge over the roadways between Terminals 4 and 5 to connect the future West CTA Station with the future Terminal 4.5 Vertical Core
- Lane closures and restrictions on both upper and lower level roadways are in place through July 2021
- Detours for shuttles, vehicular and pedestrian traffic are in place as well as signage and flaggers to assist with wayfinding
- Vehicles picking up passengers from Terminal B must use the Passenger Pick Up Area at Parking Structure 3, Level 1 (area indicated by burgundy signs)
