Temporary Interline Bag Drop Area in front of each of the 4 carousel

Maintenance Drop Down Ladders

Fire Sprinkler Shut Off Valve

located at the South Wall abeam the Alaska Airlines Oversized Items Belt

Bag Hygiene Tips

Let's work together to keep baggage flowing smoothly through the screening system. Here are some quick tips you can remember when placing baggage onto the belt system:

- Keep bags centered and a foot apart!**
- Wheels up, wheels back and handles in!**
- Tuck in tags and straps on both ends!**
- Put all soft or irregular shaped bags in a Tub!**
- Never put surfboards or golf clubs in the system!**
