Why APS Matters

Re-entry wait times are skyrocketing

The Facts

- 117% - Increase in international passengers flying in and out of the U.S. from 1991 – 2011. - *USA Today, January 8, 2013*
- Simultaneously, federal budget cuts and obtuse staffing formulas have caused an emergency shortage of customs officers
- \$754 Million reduction to CBP budget due to sequestration
- As a result, at nearly every U.S.-based international airport, customs wait times are skyrocketing

POWERED BY

Why use APS

Improved Service Through Automation

- Turnkey solution
- Includes hardware, software & administrative applications
- Powered by CBP's security clearinghouse

Results

In-Depth Passenger
Screening

Quicker Passenger
Processing

Fewer Missed
Flights

Increased Revenue:

- Faster passenger processing attracts airlines
- Connecting passengers can spend money in your terminal instead of waiting in customs line
- Reduces negative press about customs delays at your airport

Greater Airport
Revenue
