WHEREAS, the amended Ordinance expands inclusivity of businesses to Disabled Veterans Business Enterprises (DVBE) located in the State of California to serve the purpose of rewarding disabled veterans for their military service, easing the transition from military service to civilian life and attracting loyal and well-disciplined people to government contracting opportunities. - The prime will be deemed non-responsive if the Local Business Enterprise (LBE), Local Small Business Enterprise (LSBE) and/or Local-State DVBE goal(s) are not met.
- LAWA will verify compliance with the LBE, LSBE and DVBE requirements and monitor and report on participation; and

WHEREAS, staff will work with the City of Los Angeles Department of Public Works Bureau of Contract Administration to create program rules and regulations for Board approval if the Ordinance is approved. In addition, staff will continue its outreach efforts to identify all qualified businesses available to perform on LAWA contracts. WHEREAS, actions taken on this item by the Board of Airport Commissioners will become final pursuant to the provisions of Los Angeles City Charter Section 250;

NOW, THEREFORE, BE IT RESOLVED that the Board of Airport Commissioners determined that this action is exempt from the California Environmental Quality Act requirements; adopted the Staff Report; found that the amended draft Local Business, Local Small Business and Local-State Disabled Veterans Business Enterprise Program Ordinance contains the requirements to comply with the City Charter Section 371; and approved the amendment to the Local Business, Local Small Business Enterprise Programs to include the Local-State Disabled Veterans Business Enterprise Program and be transmitted to City Council for concurrence and approval.

**ORDINANCE NO. 184938**

An ordinance amending Section 10.49 of the Los Angeles Administrative Code adding a Local-State Disabled Veterans Business Enterprise preference to the existing Los Angeles World Airport's Local Business and Local Small Business Program.

**THE PEOPLE OF THE CITY OF LOS ANGELES  
DO ORDAIN AS FOLLOWS:**

Section 1. Article 23 of Chapter 1, Division 10 of the Los Angeles Administrative Code is amended in its entirety to read as follows:

**CHAPTER 1, ARTICLE 23**

**LOS ANGELES WORLD AIRPORT'S LOCAL BUSINESS,  
LOCAL SMALL BUSINESS AND LOCAL-STATE DISABLED  
VETERANS BUSINESS ENTERPRISE PROGRAM**

**Sec. 10.49. Purpose.**

The City has a proprietary interest in leveraging, to the greatest extent possible, the money it spends at the Los Angeles World Airports (LAWA) when contracting with businesses for goods, equipment and services to and for the benefit of the City and its residents. The City has a proprietary interest in leveling the playing field among those businesses competing for LAWA contracts, to decrease local unemployment and to increase LAWA revenues.

Significant benefits are associated with a Local Business and Local Small Business Enterprise Program. These include an increase in local jobs and expenditures in the local private sector. Preference programs are especially helpful in regions where unemployment tends to be higher than in other regions. Los Angeles County and City have been slow to recover from the 2008 economic recession and employment growth in the County and City has not been as robust as in other regions.

Historically, many of the larger cities within the County, especially the City of Los Angeles, experience labor costs that are among the highest in the nation. Los Angeles area labor costs are higher than the labor costs found in neighboring states. Business space in the Los Angeles metropolitan area is more costly than comparable space in other California counties and other states. On a national level, Los Angeles is one of the two most expensive metropolitan areas in the western United States in which to do business as a result of the local tax and fee structure. Corporations in California are subject to a corporate tax that is among the highest in the nation. These conditions create a very expensive climate in which local businesses must compete against businesses outside the County. This heightened cost of doing business in the County has an especially significant impact on local small businesses, which often operate with smaller profit margins and fewer financial resources to offset business costs. Local businesses and local small businesses confront cost structures that are weighted much

heavier, in terms of labor and costs of doing business, than competing firms that are located in neighboring counties or states.

Disabled Veterans Business Enterprise Programs serve the purpose of rewarding veterans for their sacrifice of military service, encouraging patriotic service among civilians, helping to ease the transition from military service to civilian life, and attracting loyal and well-disciplined people to government contracting opportunities. Disabled Veterans Business Enterprise Programs are beneficial to veterans, the local community and the entities implementing these programs by encouraging the establishment of new businesses; providing new growth opportunities for existing businesses; developing new, local employment opportunities for disabled veterans; recognizing and utilizing skills unique to veterans to encourage business success; promoting job creation and income for local employees; and increasing business tax revenue.

This narrowly tailored Local Business, Local Small Business and Local-State Disabled Veterans Business Enterprise Program is fashioned to encourage businesses to compete for LAWA contracting opportunities, establish and maintain local operations, and to discourage existing local businesses from relocating to different, less expensive areas of California and the nation.

The remedies available to LAWA under this Subsection are cumulative to all other rights and remedies available to the City or LAWA under law.

**Sec. 10.49.9. Administration.**

The DAA shall have broad discretion to promulgate rules, as approved by BOAC, to implement and administer this Article. The DAA shall develop rules that address if and how a joint venture can seek Local Business, Local Small Business or Local-State Disabled Veterans Business status. The DAA and/or LAWA may audit a Contractor's compliance with the provisions of this Article. The DAA shall investigate a violation of a requirement of this Article. The Contractor and Subcontractor shall cooperate with the DAA and LAWA in the course of an audit or investigation.

**Sec. 10.49.10. Severability.**

If any provision of this ordinance is found to be unconstitutional or otherwise invalid by any court of competent jurisdiction, that invalidity shall not affect the remaining provisions of this ordinance which can be implemented without the invalid provisions, and to this end, the provisions of this ordinance are declared to be severable.
