

# LAX – East Departures during Over-Ocean or Westerly Operations (Midnight to 6:30 a.m.) July 2016

This report shows a summary of aircraft operations departing to the east while the airport is still conducting westerly departures between midnight and 6:30 a.m. These individual easterly departures usually occur when the pilot of a heavy aircraft (e.g. B747s) determines that the tail wind is too great for the weight of the aircraft and requests to depart east into the wind for aircraft safety.

**Number of aircraft departing to the east while airport conducting westerly departures:**

1
