## HireLAX

Apprenticeship Readiness  
Program Orientation

January 11, 2025

Even with the tragic and unfortunate events like the Los Angeles Wildfires impacting a significant amount of Los Angeles County residents, prospective HireLAX Apprenticeship Readiness Program (ARP) participants were still able to attend the first orientation of the year! On Saturday, January 11<sup>th</sup>, 2025, over 100 Angelinos demonstrated their commitment to their future, by showing up at 6:00 AM, to register and interview for an opportunity to become a participant.

Engagement from the community is the driving force that fuels the HireLAX ARP. LAWA and the program partners are excited to make 2025 another successful program year, supporting future program participants as they take their next step towards a construction career!
