

Construction Hot Topics

Week of July 8 – 12, 2019

1. Tom Bradley International (Terminal B): Departures Level Canopy Demolition

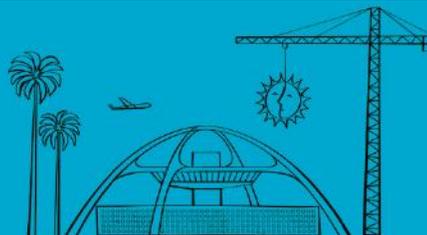

- The Departures Level Canopy at Terminal B will be demolished through August 2, 2019 in preparation for future Automated People Mover (APM) and Terminal B Core construction
- Pedestrians will be temporarily routed into the innermost pick-up / drop-off lane around the construction zone; vehicular traffic is maintained at all times

Terminal B, Departures Level Configuration

Change is in the Air(port).

LAX WAY BETTER. REALLY.

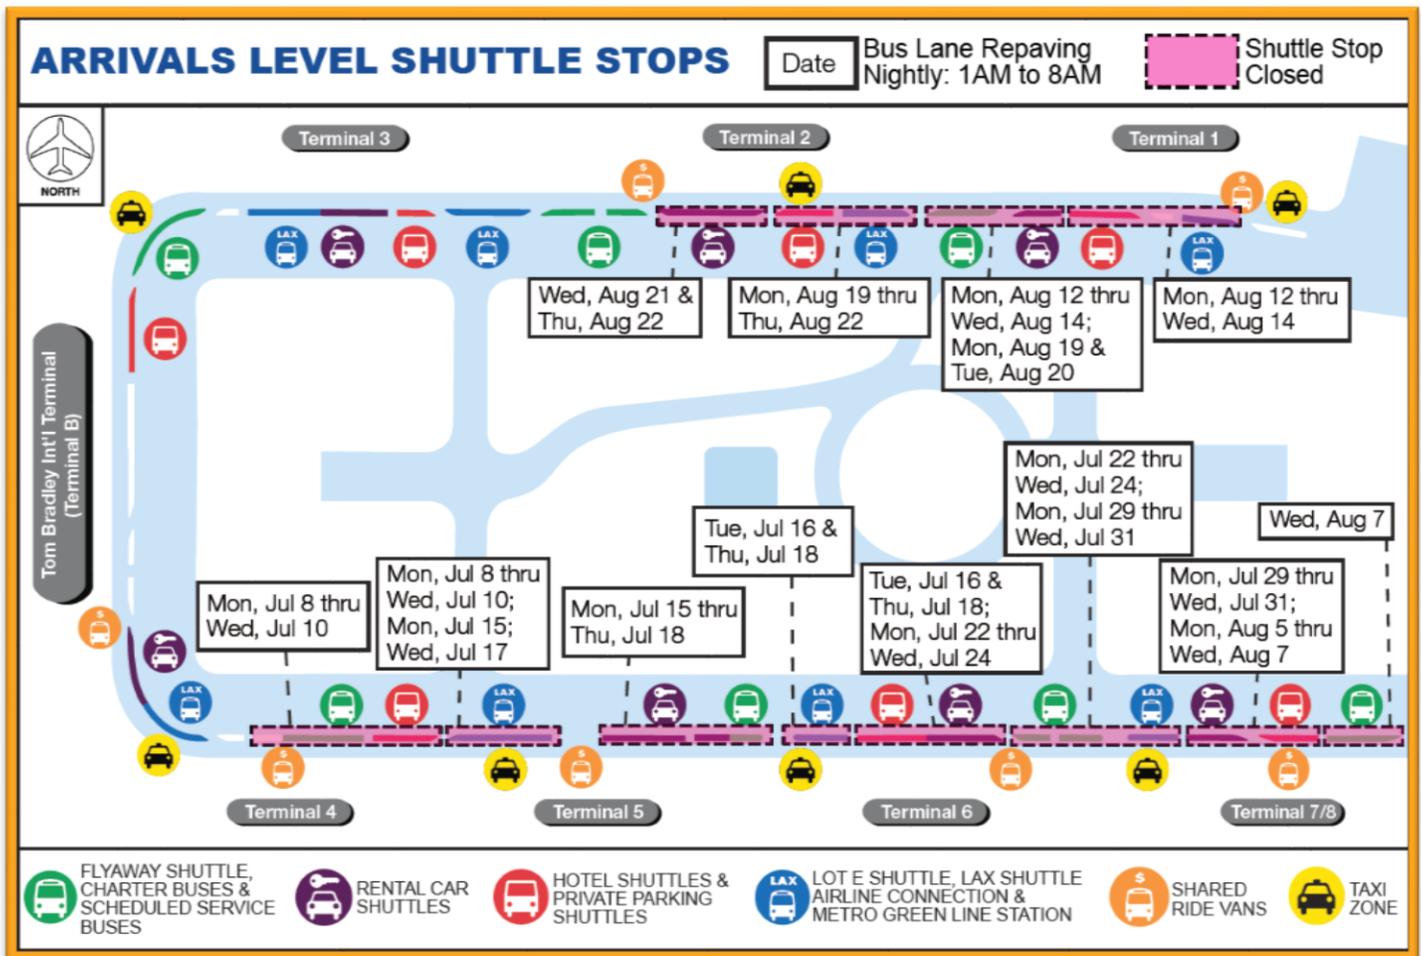

Construction Hot Topics

Week of July 8 – 12, 2019

2. Central Terminal Area (CTA): Arrivals Level Bus Lane Repaving

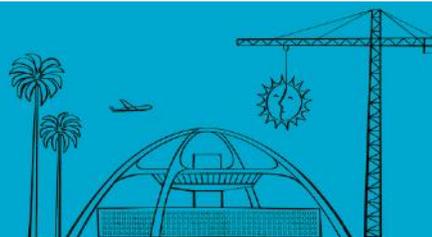

- LAWA Paving crews will repave the Arrivals Level Bus Lane (outer lane adjacent to shuttle stop curbs) nightly through Friday, August 23, 2019 (no weekend work)
- Work will occur at various locations throughout the CTA, closing select shuttle stops throughout the duration of the project; see map below for phasing, dates, and impacts by location

CTA Arrivals Level Bus Lane Repaving: Phasing

Change is in the Air(port).

LAX WAY BETTER. REALLY.

Construction Hot Topics

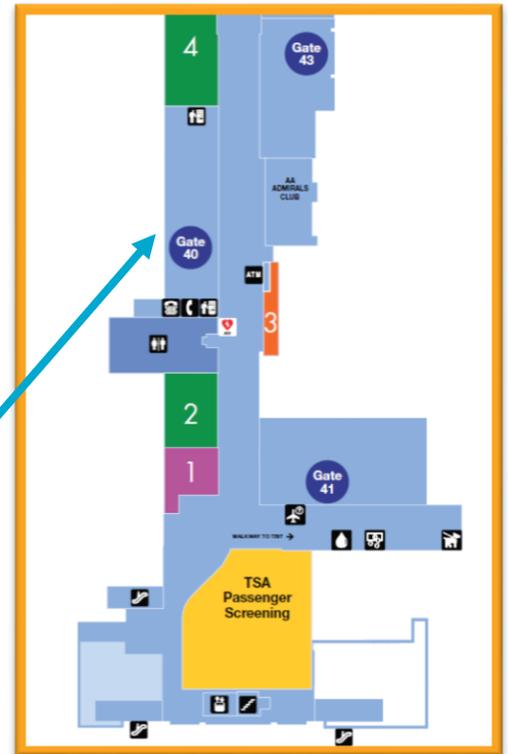

Week of July 8 – 12, 2019

3. Parking Structures 7: Former Egress Booth Demolition

- The former egress booths at Parking Structure 7, leading to Center Way, are scheduled to be demolished this week in preparation for future APM and East CTA Station construction
- Later this month, the former egress ramp leading from the upper levels to Center Way is scheduled for demolition
