## 2. Tom Bradley International Terminal: APM Terminal Core Milestone

- Late last week, Los Angeles World Airports celebrated the topping out of the Tom Bradley International Terminal Core, marking a major milestone for the project
- The Terminal B Core, one of seven total APM Terminal Cores in the Central Terminal Area, is scheduled to be completed in 2024; it will provide vertical circulation to all levels of the international terminal as well as a direct connection to the APM's West CTA Station via a pedestrian sky bridge that was placed last year
- As part of LAX's commitment to sustainability, the project was designed and constructed to achieve LEED Silver Status and CalGreen's Tier 1 Certification

*Team members from LAWA, Austin Commercial and the Project Team sign the final beam to be installed at the Topping Out Ceremony for the Tom Bradley International Terminal Core Project*

*A rendering of the completed Tom Bradley International Terminal Core and the pedestrian sky bridge connecting it to the Automated People Mover's West CTA Station*

## 3. [REMINDER] Parking Structure 3: Civil Improvements

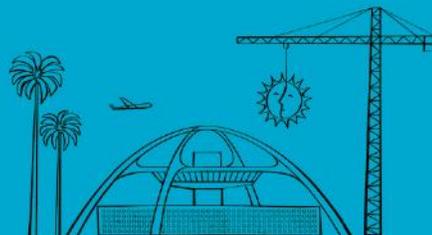

- To facilitate civil improvements, Parking Structure 3 will experience impacts through Friday, April 28, 2023, per the following schedule:
- PHASE 1: Ongoing through 4/2
  - Levels 1 & 2 closed; Arrivals Level entrance closed - guests directed to use Departures Level entrance for access
- PHASE 2: 4/3 – 4/28
  - Levels 3 - 5 closed; Departures Level entrance closed - guests directed to use Arrivals Level entrance for access
- As part of this work, Level 1 of the structure will be converted from a Passenger Pick-Up area to Valet & Premium Parking; the Taxi Pick-Up area will remain as is
- During construction, vertical circulation will be maintained throughout the structure, as well as ingress to and egress from the parking garage

*Parking Structure 3 is experiencing phased impacts while civil improvements are completed inside the garage*

Change is in the Air(port).

**LAX** WAY BETTER. REALLY.
